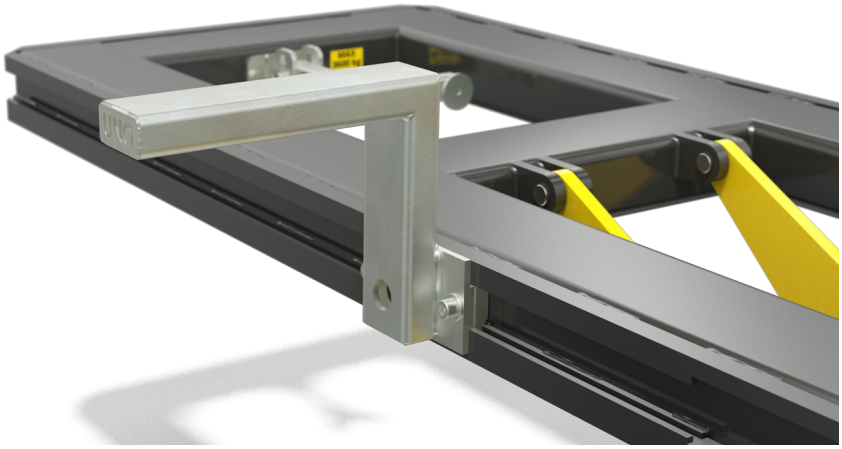
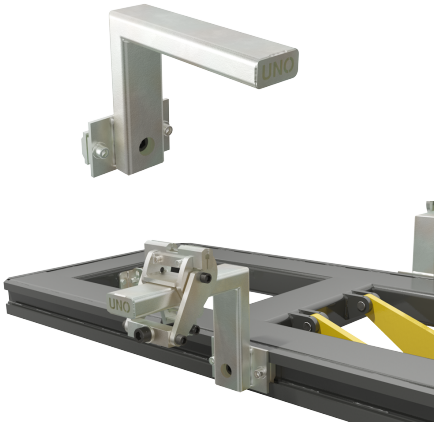
Accessories

B10 Bench Adapter





The UnoLiner B10 Bench Adapter is the standard yet versatile bench adapter for all UnoLiner bench frame machines. Each UnoLiner Straightening Bench Set comes equipped with four of these bench adapters, which can be placed all around the bench frame with its unique Quick Lock one-bolt locking system. The B10 supports all types of UnoLiner chassis clamps.

Features

- Compatible with all UnoLiner chassis clamps
- Compatible with all UnoLiner benches
- Easy to use
- Quick Lock one-bolt locking system
- Other design variants available
