Drive-On Benches

CRS5500-DO

The UnoLiner CRS5500-DO Bench is a real muscleman in the world of chassis straightening benches. The built-in L45 double scissor lift gives this bench an impressive lifting capacity of 5000 kg. This, coupled with its bench frame of 5.5 meters in length, makes the CRS5500-DO the ideal straightening bench for repairing cars of all sizes, commercial vehicles, pickup and utility trucks, MPVs, and heavy-duty all-terrain vehicles. By combining this all-round bench with UnoLiner's pulling towers, your trained staff can repair even the worst body and chassis damage.

Features

- Low bench height of 14.5 cm
- Mechanical and hydraulic safety systems
- Dual unlocking system
- 5 ton lifting capacity
- Great for large vehicles

Technical data

Bench frame length	5560	mm
Bench frame width	1040	mm
Min. bench height	145	mm
Max. bench height	1270	mm
Max. load weight	5000	kg
Length incl. ramps	6070	mm
Width incl. ramps	1965	mm
