Jigging

A150 Set 25 Universal Pistons

A150 Set 25 Universal Pistons used in combination with UnoLiners **A140 Jig System 22 Tower Set** the **A130 Jig System Crossmember Set** and **A110 Cameleon Plus Jig system** The A150 Set 25 Universal Pistons has pistons with 4 different piston lengths:

- Piston A150-100 : 3 Pin Holes A – B - C
- Piston A150-160 : 3 Pin Holes D – E - F
- Piston A150-220 :3 Pin Holes G – H – J
- Piston A150-310 : 4 Pin Holes K - L - M – N

The height is adjusted to required height by means of a pin, matching a piston hole (marked with a letter) with a hole in the chosen **A140 tower.**

Features

- For use on all vehicles
- Productive - Easy to set up
- Precision and accuracy
- Complete collision repair measuring and anchoring solution
- Works seamlessly with all UnoLiner products
