Pulling and Pushing

P3030 Arm Extension

The UnoLiner P3030 Arm Extension increases the range of the *P10 Draw Aligner* by 87.5 cm. The P3030 is perfect for those upper car body areas that are normally out of reach. By extending the work range of your P10, you're prepared for even the most challenging cases of car body repair.

Features

- Slide system and handle for easy fitting
- Durable guide strips
- Ideal for upper body vehicle repair
